Floor Coverings—Tiles

Our woven vinyl products are a new innovation featuring outstanding performance and unlimited styling options. Our products can be used for both residential and commercial areas.

Our residential products ranges from floor covering, wall covering, carpet, door mat, placement, etc. While our commercial products can be used in kids area, hospitals, offices, hotels, exclusive boutiques and exhibition spaces.

Shapes of Tiles

TRIANGLE 500

TRIANGLE 754

PLANK

HEXAGON

DECO

SCALE

WING

Refine Union is a creative and contemporary flooring concept based on seven different tile shapes. Your pattern design will vary in look depending on the choice of colour, the direction of the yarn and light reflections. Available in Delux, Fantasy, Classic and Elegant. For more information and inspiration visit <http://www.rfunion.com/>

Special Backing for Tiles

We developed a new special backing for the tiles. The product structure is fabric layer, fiberglass mesh, PVC, and new non-woven material layer. This innovation can reduce noise, feel more comfortable underfoot, more importantly, the size is more stable than the ordinary PVC backing, and is not easy to shrink.
